## From our District Deputy Grand Master Hamilton District 'C'

It is a great and very humbling experience to be elected as a District Deputy Grand Master, and my heartfelt thanks goes out to each of the brethren in the District for electing me to serve in that high office.

I would also like to extend my congratulations to V.W. Bro. Mihai (Mike) D. Samoila on his recent appoint as Grand Steward. Your service and dedication to the office of District Secretary over the last year has been exemplary, and this appointment is most fitting.

Hamilton Masonic District C has a rich history of strategic and visionary leadership working closely with very capable chairmen of carefully crafted committees. I feel proud of what has been accomplished in years past and the groundwork that has been formed. This year I hope that we will continue those good works, benefit from the guidance of past leadership, and possibly even advance with progress which can be reflected back upon in years to come.

To the brethren who have pledged their support in chairing a committee this year, you have undertaken an important role

within our Craft to administer, uphold, and effectively advance the efforts of your respective District committee towards goals and objectives set forth by your predecessors as well as yourself. I look forward to working with each of you in the forthcoming Masonic year to support you in those efforts and also to ensure that we carefully consider succession planning in everything that we do. Efforts quickly fade with the passing of time if the groundwork is not in place to promote similar or greater success for those that will follow in your footsteps.

To the WM's and officers of the 13 Lodges of our District, the responsibilities that you have to the District are quite often overlooked when you are installed into the higher chairs within your Lodge. I look forward to closely working with you to support you in your endeavours this year. I would also encourage you to consider reflecting on your relationship with the other Lodges in our District as we will all grow far stronger through working closer together.

We are all men existing in our own imperfection, and each of our Lodges while each having unique strengths also have weaknesses borne of that imperfection. This year I hope to cultivate open dialogue amongst the Masters of our Lodges towards fostering relationships, and sharing of ideas. This effort however requires an open mind amongst the members of our Lodges for adoption and success to occur.

I am asking the WM and incoming WM of each of our Lodges to ensure that they are in attendance at the upcoming Fall District Meeting. The meeting will be held at Hillcrest Masonic Temple on Saturday September 26 at 10:00am with Buchanan Lodge No. 550 as our hosts. Important material will be distributed to the lodges at that time. Immediately following the meeting I will be meeting with the Masters and incoming Masters of the lodges with information from the Custodian of the Work, followed by a productive though informal discussion.

Lastly brethren, I would like to draw your attention to the Craft Association of the Hamilton Masonic Districts' Deacons Floor work workshop in Waterdown on September 19 as well as the upcoming Grand Lodge of Instruction at MCH on September 29 for Master Masons. Both are exemplary events that should be attended by our members and I ask you to spread the word appropriately.

# LODGES of INSTRUCTION

**From the Grand Master**  
M.W. Bro. John C. Green

ONE THE BENEFITS we promote in Freemasonry as a fraternity is that we make good men better. Of course from your early introduction to Masonry we instill great pride in our long standing ritual and the elements that surround it. We ask all members to be ever mindful to perform both the mechanics and memory work to the best of their ability. The best way to find the proper manner of our ritual is to attend a Lodge of Instruction that instructs you about the various aspects of Masonry with valued information you can carry with you throughout your entire Masonic experience.

Good ritual builds pride in the individuals performing the different elements and it also impresses the membership who witness good work which subsequently challenges them to see that ritual is improved and performed properly in their respective lodges. When one is visiting other lodges we might be subject to some particular variations of ritual that may not be in ample form. By attending a Lodge of Instruction you will see the work demonstrated in the various degrees as well as the Installation ceremony. The actions and explanations will help you understand the manner in which the ritual should be portrayed to the brethren. In an effort to maintain our time honoured fraternity, the ability to follow one ritual is vitally important to the future of what we as Masons believe to be near and dear to us. The protection of proper mechanics of Masonry is what makes membership so valued in the best and oldest fraternity in the world.

In the Grand Lodge of Canada in the Province of Ontario we are very fortunate to have dedicated Masons led by our Custodian of the Work, Most Worshipful Brother Garry Dowling, and his committee who dedicate a great deal of time and effort to maintain our ritual and instruct the membership of its importance at the various Lodges of Instruction. I cannot impress enough the value of attending a Lodge of Instruction.

This will make you a better Mason and provide you with knowledge you can relate to your respective lodges that will benefit Freemasonry well into our future.

## From the Custodian of the Work

AS THIS MASONIC YEAR draws to a close, allow me to thank all those Brethren who supported the LOI Team with their attendance at our sessions last fall and throughout the year.

Thanks also to the Brethren who submitted their questions and comments on our Rites and Ceremonies throughout the year.

Once again this fall we will continue our annual programme of bringing Ritual Instruction and Protocol and Etiquette education to the Brethren across the Province. The dedicated LOI team provides sessions focused on the Mechanics of the Work (i.e., our floor work). Proper Mechanics, when combined with excellence in the delivery of the lectures creates the environment that allows us to maintain a high standard of delivery in the practice of our rites and ceremonies.

This year we will travel north along the QEW from Toronto to the Hamilton area and then along a path in the northern part of SW Ontario. We try and cover most of our vast Province in a four year rotation. If we are not in your area this year, please remember that the team will respond to any request during the year to assist with a District LOI in our attempt to reach as broad an audience as possible.

Our sessions cover all three degrees, the Ceremony of Installation and some aspects of Protocol and Etiquette. Any Master Mason can and is encouraged to attend these sessions. Note that we have had difficulty in the past attracting Junior Officers and we extend to them an open invitation – for it is these Brethren who will lead our Lodges in performing our ceremonies in the future.

Each new Mason's first real exposure to the Craft is the ritual of the first degree. Our ritual is the embodiment of the core values of our fraternity. As such, striving for excellence in its performance is a duty incumbent on each of us. Instilling that same drive and desire in our new members is a moral obligation to which we are bound.

# DISTRICT 'C' PROJECT:

## Prostate Hope

### The Grand Master's Charitable Project

In the lead up to the Masonic Foundation's 50th Anniversary, the foundation has decided to provide meaningful funding to Prostate Cancer Research in Ontario through a select group of research projects.

The three research projects chosen to participate in this semi-centennial commemorative initiative are as follows:

- **McMaster University:** Ph.D. candidate, Jen Hoogenes under the supervision of Dr. Bobby Shayegan at McMaster University in Hamilton has developed an assessment tool for trainees as they learn how to do robot assisted radical prostatectomy's. Currently in the validation phase, this will be the first tool of its kind and will eventually be incorporated into urology curriculum of the Medical school.
- **Queen's University:** Dr. Robert Siemens supervises a survivorship group which includes cognitive psychologists who are attempting to understand the needs and gaps for men and their spouses in terms of their care after treatment. This includes a better understanding of "quality of life" issues.
- **Western University:** Master's student Sean Leith under the supervision of Dr. Joseph Chin at Western University in London is delving into why some prostate cancers metastasize and others are less likely to do so. Many genes that promote cancer cell invasion have been isolated, but there is less known about suppressor genes. His research involves selectively silencing single suppressor genes in cultures and measuring the resultant invasiveness of the cell line. The supervisors are very excited at the prospects such funding will open for the researchers in their charge.

Through Prostate Hope, we can share in this excitement by making a contribution to this worthwhile project by giving a donation, a pledge or a bequest.

# Scottish Rite Masonry

Submitted by R.W. Bro. Ken Adamson

There are several theories as to the origin of the Scottish Rite, but it appears to have evolved in France around 1754 when the Chapter of Claremont was founded in Paris with seven degrees. By 1758, the system had become a Rite of twenty-five degrees known as the Rite of Perfection whose Grand Regulations were issued in 1762. In 1761 Stephen Morin was designated to introduce the Rite into the New World. He first established the Rite in Kingston, Jamaica as well as in San Domingo. On the mainland, bodies were set up at New Orleans LA in 1763, in Albany NY in 1767, in Philadelphia PA in 1782 and in Charleston SC in 1783.

In 1786 "Grand Constitutions" were enacted in an attempt to bring order out of the chaotic condition of the degrees in Europe. It was these Constitutions which brought "The Ancient and Accepted Scottish Rite" into formal existence, enlarging the number of degrees to thirty-three, with the thirty-third degree as a governing Supreme Council.

The Grand Constitutions of 1786 were issued in the name of Frederick the Great of Prussia as titular head of the Rite but he was suffering from terminal illness at the date they were promulgated and died soon afterwards.

No degree of the Scottish Rite seems to have had its actual origin in Scotland. The term "Scottish" is a translation of the French "Eccossais" in the French titles of some of the degrees of the Rite of Perfection. There may well be a traditional connection here. One or two of the degrees were long supposed to have been devised by the Chevalier Andrew Michael Ramsay, a learned Scotsman, tutor to Prince Charles Edward, the Young Pretender. These degrees seem to have afforded a rallying point for various loyalists to the Stuarts who were in exile in France and were plotting for the restoration of James II and his son to the throne of England.

In 1801, a Supreme Council was opened in Charleston SC, under the above constitutions, absorbing the previously existing Rite of Perfection. This Supreme Council subsequently issued warrants for other Supreme Councils. All other regular Supreme Councils of today are descended, directly or indirectly, from this Supreme Council of the Southern Jurisdiction, United States of America.

In 1813, the Southern Jurisdiction established the Supreme Council 33° for the Northern Masonic Jurisdiction of the United States. In 1845 the Northern Masonic Jurisdiction warranted a Supreme Council in England and Wales which, in 1874, authorized the formation of the Supreme Council of Canada.

At the time our Supreme Council was chartered, Scottish Rite Bodies were already operative in Hamilton ON (1868), London ON (1868), St. John NB (1868), Halifax NS (1870), Toronto ON (1873) and Montreal QC (1873). Our Supreme Council is in amity with more than forty other Supreme Councils throughout the world as well as four National Grand Lodges in the Scandinavian countries.

The Scottish Rite consists of three bodies, the Lodge of Perfection, the Chapter of Rose Croix and the Consistory. These bodies confer the degrees of the Rite as follows:

## Lodge of Perfection

Lodges of Perfection confer the 4<sup>th</sup> to the 14<sup>th</sup> degrees inclusive. The degrees continue the story of the building of King Solomon's Temple and amplify and conclude the legend of the Master Mason degree. They are designed to impress more forcefully the teachings of the first three degrees of Craft Masonry. The 4<sup>th</sup>, 5<sup>th</sup>, 7<sup>th</sup>, 13<sup>th</sup> and 14<sup>th</sup> degrees are obligatory. The other degrees, if not given in full, are "communicated" by obligation and explained.

- |                                     |  |
|-------------------------------------|--|
| 4° <i>Secret Master</i>             | 10° <i>Elect of the Fifteen</i>                  |
| 5° <i>Perfect Master</i>            | 11° <i>Elect of the Twelve</i>                   |
| 6° <i>Intimate Secretary</i>        | 12° <i>Grand Master Architect</i>                |
| 7° <i>Provost and Judge</i>         | 13° <i>Royal Arch of Solomon</i>                 |
| 8° <i>Intendant of the Building</i> | 14° <i>Grand Elect Perfect and Sublime Mason</i> |
| 9° <i>Elect of the Nine</i>         |  |

## Chapter of Rose Croix

Chapters of Rose Croix confer the 15<sup>th</sup> to the 18<sup>th</sup> degrees inclusive. The 15<sup>th</sup> and 16<sup>th</sup> degrees relate to the rebuilding of the Second Temple of Zerubbabel. The 17<sup>th</sup> degree is an approach to the 18<sup>th</sup> degree. The 18<sup>th</sup> degree is a recognition of Christian ethics in universal terms thereby assisting in the building, in our hearts, of the Third Temple not made with hands. The 18<sup>th</sup> degree is supplemented on an annual basis by the beautiful Maundy Thursday and Easter Sunday Ceremonials. The 15<sup>th</sup> and 18<sup>th</sup> degrees are obligatory.

- 15° *Knight of the East or Sword*
- 16° *Prince of Jerusalem*
- 17° *Knight of the East and West*
- 18° *Knight Rose Croix*

## Consistory

Consistories confer the 19<sup>th</sup> to the 32<sup>nd</sup> degrees inclusive. These degrees, often elaborate and highly dramatic, cover a variety of approaches to Masonic teaching. Some have the Crusades as a background. The 31<sup>st</sup> degree is the judicial branch of the Scottish Rite; the 32<sup>nd</sup> degree is the military branch. The 30<sup>th</sup>, 31<sup>st</sup> and 32<sup>nd</sup> degrees culminate the teachings of the Scottish Rite hence they are obligatory and must be conferred in full ritual form.

## Valley Lodge Golf Tournament

Brenda McAlpine, W. Bro. Lance Mullett, Maria Glidden and W. Bro. Bill Paul

Valley Lodge hosted its 10th annual golf tournament and charity event in support of Crohns & Colitis Canada (CCC) on June 13th, 2015 at Copetown Woods Golf Club. Over 90 golfers experienced a terrific day of friendly competition, a beautifully maintained golf course, excellent food and perfect weather. This year's tournament was hotly contested with the

winning foursome of Russ Ormond, Andrew Rutherford, Ben Comeau and Wilson Comeau capturing the 2015 winner's title. After the completion of the tournament, the golfers were joined by an additional 40 diners for a social hour and then all together were treated to an excellent meal and service by the Copetown Woods staff. After dinner and the presentation of golf awards, Maria Glidden of CCC brought our guests up to speed on the efforts of the organization as well as the advances being made in effective treatments. Maria then introduced Brenda McAlpine, our guest speaker for the evening, who shared her story of living with ulcerative colitis. Brenda did a tremendous job of putting a very personal face on this affliction. Immediately after Brenda's talk, Valley Brethren conducted the charity event and, through the generosity of our guests and a 'top off' by Valley Brethren, Valley's Worship Master, Worshipful Brother Lance Mullett was able to present a cheque to Maria and Brenda to deliver to CCC. The day was marked by an overriding spirit of generosity and fellowship.

Valley Brethren wish to extend their gratitude to all attendees and volunteers without whom this event could not be as successful as it has been!

## D.D.G.M. Meets with District Chairmen

R. W. Bro. Devin Tuinstra and his wife Cait recently hosted a gathering of District C Committees chairmen and their spouses for fellowship and to discuss his plans for the year and to provide an opportunity for input.

# Symbols and Allegory

## The Symbolic File Article #1:

Many Masons ask, is Masonry only about the performing of the three degrees? Another question is if I take further degrees in the York Rite or Scottish Rite will I be given the meaning of the degrees in the Craft Lodge?

The answer to these two questions is no.

First of all Craft Masonry is much more than the three degrees. Each aspect of the degrees is “veiled in allegory and illustrated by symbols”. This statement answers the second question. It is necessary to understand the allegory and symbols of each degree. The subsequent degrees only add to the information enhancing the knowledge.

What is being said here is if you cannot add, subtract and multiply you will never learn algebra.

One of the main tenets of Masonry is to “Know thy self”. It is this self-knowledge that the allegory and symbols provides. We will look at a few short definitions of allegory and symbol.

The Webster dictionary states that an allegory is a description of one thing under the description of another and a story in which people, things or happenings have a hidden or symbolic meaning.

For a definition of a symbol I will quote Jolande Jacobi taken from Complex Archetype Symbols in the Psychology of C.G.Jung. She states; “Symbols present an objective, viable meaning behind which an invisible, more profound meaning is hidden.”

Masonry provides the allegory of the building of a physical temple, (the temple at Jerusalem) which actually refers to the building of a personal inner structure.

The symbols are the elements of that temple, which can be equated to different aspects of one’s own inner being.

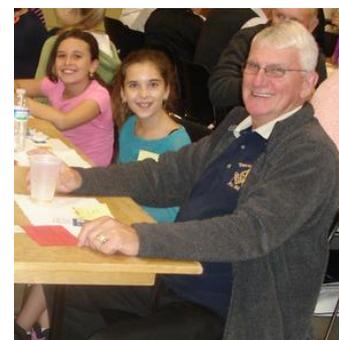

We will look at one example. The Junior Warden, Senior Warden and Master are one, two and three steps above the level. Each step gives a more expanded understanding of the physical building and of one’s self. The steps also give each officer the authority to perform his duty. If for example the Senior Warden steps down to invest the candidate he gives up his authority to do so. How many times have you seen this happen? When these symbols can be equated to ones own inner self the veil begins to be drawn aside and the allegory (the meaning) of Masonry starts to become clear.

Article Two will look at setting a course to understand the symbols and allegory of Masonry.

I will state here that the opinions in this column are from my own research developed over many years. There may however be other valid interpretations of the symbols. This is the reason I mentioned above that the inner structure being built is of a personal nature.
