Our District Deputy Grand Master

Brethren,

The summer break is quickly approaching and so is the end of my term of office. This Masonic year has seemed to have flown by, and the Annual Grand Lodge Communication will be upon us very soon. I have thoroughly enjoyed my time as your District Deputy Grand Master.

Registration for voting for this year's Grand Lodge Officers will open on Monday June 9th and close on Friday June 13th. All voting is done online so there are no excuses for not casting your vote. Please make sure to register so that you can vote in this year's election for our next DDGM for the new Hamilton South District. Your options for our next DDGM are either W Bro. Cory McCarthy or W. Bro. Blaine Stafford, choose wisely my brethren. Good luck to our next and 1st DDGM of Hamilton South District.

The 2025 Annual Grand Lodge Communication will commence on Tuesday July 15th, and run through to Thursday the 17th, with seminars being held on the Tuesday afternoon instead of the Wednesday afternoon. Grand Lodge has already distributed their communications on acceptable behaviour for attendees and those running for office to your secretaries, make sure to read them over. I encourage

all masons from Hamilton C District to attend this event.

I would like to thank all the lodges for their support of my charity for the year, T.E.A.D. The Equestrian Association for the Disabled. Your contributions added up to over \$12,300 and with the top up from The Masonic Foundation of Ontario, I will be delivering a check to T.E.A.D. for over \$16,000. They will be greatly appreciative of your efforts in supporting them this year. They are a very deserving charity.

Many thanks to all of you, my brethren, in supporting me during my term as the last District Deputy Grand Master of Hamilton C District. All of the lodges received a conditional rating or better during my term, this bodes well for the future of our lodges going forward. I look forward to seeing you grow and flourish as we move into our new District.

Lastly, many thanks to your District Secretary, Bro. Adrian Haigh. His work behind the scenes was indispensable in making my year successful. His input at my Official Visits was essential in helping your lodges discern your strengths and weaknesses to aid in your future development. The key to a successful year as DDGM? A strong and competent secretary. Thank you, Bro. Haigh, for all your efforts and hard work over the past Masonic year.

Please join me at the final 2 installations of Hamilton C District, Monday June 9th at Electric Valley No. 100 and Wednesday June 11th at Meridian No. 513.

Brethren, enjoy the summer break and I look forward to seeing all of you in the fall as your Past District Deputy Grand Master.

Faternally,

R. W. Bro. Steven William Badger FCF
District Deputy Grand Master

Grand Master's May Communique

Brethren,

Finally, the month of May has made its arrival and that means that even in the northern parts of our Jurisdiction, Spring is here. The buds and blooms are bursting open, the lakes and streams are alive and God's creation is green again. Not that Winter is a bad season, it's just too cold and snowy for my liking. Being a farmer means that Spring is the season for sowing seeds and watching new growth emerge. It's the season that starts the cycle all over again. All is well, Spring is here !

I'm going to start this Spring Communique with some good news and some bad news. Let's do the bad news first. Many of you already know that we are in a terrible mess with our current Technology, it's very unreliable, it's extremely costly, and it seems to be letting us down more and more as each day passes. We were promised the world when we first looked at this, and as we now know, this technology was oversold and it was completely under delivered. It has been on my mind ever since I was installed into the office that I now hold. We have finally found out that in order to get this technology to where we need it to be, it will cost approximately another \$ 240 000.00 and there is no guarantee that it will stop there. On top of that incredible number, our yearly maintenance fee to keep this technology running is another \$ 80 000.00, which also rises about 3.5% per year. Let me say once more that in order to continue with our current technology, we would be on the hook for another \$ 320 000.00 this year. To me, as the head of this Grand Jurisdiction, this is completely unacceptable, unaffordable and undoable. Commonsense must prevail.

And now for the good news !

Our Grand Lodge is going in a different direction now, a more affordable direction that will give us what we need. When the Deputy Grand Master, the Grand Secretary and myself were attending the North American Conference of Grand Masters, we were given a private showing of a technology system that has already been designed, developed and tested, and it works. It's an existing system that has been developed by Masons for Masons. It makes sense, it is affordable and it works. I'm talking about the technology called Grand View. Our Management Committee has viewed a demonstration of it and gave their approval, the Audit and Finance Committee has given it's approval and I, as your Grand Master, have approved it. We are moving forward in this direction and it makes complete sense.

It's called Grand View and it is wholly owned by four Grand Lodges. It is a complete system and as I said, it was built by Masons for Masons. It has everything that we need plus more. Everything that we were hoping to have in our current technology is already built into Grand View. This commonsense change in direction is a game changer. There is even stuff already developed that we were only thinking about, that we will now be implementing as well. Grand View is absolutely going to save us ! Now, let me tell you the cost to move forward with this incredible initiative. It's \$ 1.05 USD per member per year. And since our current unreliable technology cannot give us an accurate number of current members, I am going to forecast approximately \$ 40,000.00 CDN, total !! Wow, are you kidding me, you say. Brethren, I am not kidding you. \$ 320,000.00 vs \$ 40,000.00 and this is the price for accuracy, for reliability and for success.

So now I come to the members of our great Jurisdiction with this information. In July at the Annual Communication, we will be turning on the Grand View platform. The Seminars on Tuesday will have Grand View personnel giving instructions on it's capabilities, it's use and it's accuracy. Grand View is incredible, just wait and see for yourself. Not only will common sense prevail, but accountability is our positive path forward. We have to accept that we have spent an alarming amount of time and money on technology that just didn't make the grade, and now we must rethink our direction and move on. I believe that the solution to our woe's is to embrace Grand View.

I intended to have so much information in my May Communique but I have used up my allotted space already. Brethren, stay tuned for more in the June Communique. It is such an exciting time in the Masonic year as we are building up to our Grand Lodge Annual Communication in July, I hope that every member that can make it to Toronto, does. Please plan on attending in July, take the time to sit in on the Seminars, so that you can take some Masonic Education back to your Districts and your Lodges. Come to the Grand Lodge meeting on the Wednesday and Thursday and see what is going on. Come and attend the Grand Master's Banquet on Wednesday night for some fellowship, a great meal and to listen to our distinguished speaker, M.W. Bro. Andrew Beeler, from Nova Scotia. I can't wait to see you all in July at Grand Lodge !!

Brethren, let us embrace the opportunities that lay before us with enthusiasm and dedication. Let us nurture the vibrancy of our Lodges, spread a blanket of positivity and inspiration wherever we travel, and work together as a team to build a bright future for Freemasonry in Ontario. Remember, even on a cloudy day, the sun is still shining. Let us all be that shining light for our families, our Lodges, and ourselves. Carry and rub your shiny penny and hopefully you are as proud to be an Ontario Mason as I am.

Thank you, Brethren. May you have safe travels and God Bless.

Jamie R. Ireland

Deputy Grand Master's May Message

Greetings Brethren,

In a recent edition we highlighted the significance of leadership development and its intrinsic relationship with the structure of our Craft. The notion is that leadership development and Freemasonry are synonymous in both terms and practice as we progress in our journey of personal growth and development.

As we enter another season of elections and installations, let us remain mindful of the duties and responsibilities we have committed to uphold.

Let us not underestimate the importance of this personal commitment and the contribution you are making to the betterment of your Lodge, your District, your Grand Lodge, and to the Craft as whole.

The timeless principles of trade guilds, upheld in many societies around the world, form the backbone of our development as we progress through the chairs of our offices, and refine our abilities in our leadership roles. Similar to the tradition of our trade guilds, we are required to prove our proficiency before we are qualified to move forward.

Entering the officer line is firmly a commitment to personal growth. Consider each office as a milestone achieved towards an ultimate objective. As significant progress takes time and perseverance, this gradual and deliberate approach through the officer line, is also tempered with the realism that unrealistic expectations can manifest frustration. This incremental approach was specifically designed to foster a sense of accomplishment, while ensuring that the pursuit of this journey remains attainable. Each goal achieved will solidify your own commitment to your ultimate goal and will fortify your resolve.

As a testament to what has been outlined above, I share with you this experience at a recent installation. In his compelling address to his Brethren at the end of the evening, the newly installed Worshipful Master proceeded to thank the Brethren for their support and guidance through his journey and his advancement to the East. He went on to share that this journey had changed and impacted his life so much more than anything else in his life. Before entering the Craft, he felt uncertain of his direction, his focus, and his purpose. He explained how his Masonic journey has brought meaning and a level of purpose to his endeavors. How the growing confidence he felt in his abilities, was a direct result of the support and fellowship of his Brethren. He went on to express how pleased he was to belong to our Craft where we all share common values,

and where honour and virtue are held with high regard. Where the gesture of a handshake truly means something, an unsolicited bond of honour, integrity, and friendship. His address was received with a long, standing ovation by all present.

Officer Progression has always been an important part of the curriculum of our Grand Lodge. Many Brethren may recall our Lodge Resource Manual where a full Section 5 was solely dedicated to Officer Progression. Although it dealt primarily with the office of the Worshipful Master, it did capture the basic fundamentals pertinent to the development of the Lodge officer as he progressed through the chairs to the ultimate office of Worshipful Master.

Over the past several terms, our Grand Lodge has identified the need to focus particular attention to this area of our Craft. This Masonic year, we have reinstated an Officer Progression Committee whose mandate is to update our Officer Progression presentation and establish a Lodge Officer Manual or Guidebook to be available for all our Brethren. Both have been submitted and are currently under review and we anticipate the availability for circulation in the very near future.

In closing Brethren, to all our aspirants for Lodge, District and Grand Lodge office, and to all our members and officers, the commitment to any office is less about a physical presence and more about a commitment to the spirit and purpose of our gentle Craft. When we recognize our internal commitment at heart, the commitment of time will naturally follow.

With my best fraternal regards,

R.W. Bro. Art Di Cecco, Deputy Grand Master

The Puzzle of Freemasonry

Freemasonry doesn't hand us the full picture all at once. Instead, it gives us scattered pieces, seemingly unrelated, sometimes frustrating in their complexity.

At first, we may not see how they connect.

A working tool explained in one degree seems disconnected from a principle taught in another. A lesson in ritual feels separate from an experience in Lodge. But over time, if we are patient, we begin to see how every piece fits together.

Each teaching of Masonry (each symbol, each virtue, each working tool) is a fragment of something larger.

Taken alone, a single piece may seem incomplete. What does fortitude truly mean without wisdom to guide it?

What is truth without the discipline of self-control? Just as a puzzle takes shape only when its pieces are carefully placed together, so too does Masonry reveal its full meaning only when we step back and see the connections. Some pieces come easily...

We recognize their place at once and set them into the framework of our understanding.

Others take time...We turn them over, examine them, try to make sense of where they belong. Sometimes, we hold onto a lesson for years before we realize where it fits.

But nothing in Masonry is without purpose.

The pieces are all there, we just have to be willing to do the work of putting them together. And then, something remarkable happens. As the puzzle nears completion, the separate pieces fade, and the full image appears.

The ritual, the philosophy, the allegories; they are no longer isolated lessons, but part of a seamless whole. We see that every teaching was leading us toward the same realization: that Masonry is not just something we learn, it is something we become.

The question is....

Are we assembling the pieces with care, or are we leaving some scattered on the table, never fully seeing the picture they reveal?

**In Life Respected, In Death Regretted.
We will cherish them in our hearts forever.**

Dear Readers,

June marks the penultimate edition of the Chronicle. It is more of a business as usual edition as we prepare to build an omnibus edition for the final edition and have begun to look towards the future.

Our initial mandate was to report on all things happening within District C. Moving forward we are looking to see what the new DDGM will expect and require to determine a new path; tying the expanded district into a new website, on social media and perhaps a continuation of our monthly newsletter.

It has been a pleasure to record the events of the district for the past 17 years and provide a little masonic insight, some recognition to our leaders, lodges and members and keep an historic record of all things Hamilton C.
